

Supplier Membership

Supplier members are manufacturers in an industry outside of branded consumer packaged goods, including ingredients and packaging. They are a vital part of the value chain that supports the production and distribution of consumer products. *

Membership runs on a calendar year from January through December. Contact us with questions: membership@consumerbrandsassociation.org. Please note that supplier members do not have a decision-making role in any policy-related meetings or organizational governance. Supplier members may choose to be an ally member at a limited investment, which also provides a reduced scope of access.

*CPG companies who are also suppliers may not join at the supplier member rate.
