## The Economic Contributions of the U.S. Consumer Packaged Goods Industry

### State Spotlight:

Post-Consumer Brands celebrated its 15th anniversary in Tremonton in 2018. To mark its anniversary every year, Post Tremonton holds a fundraiser for United Way, where the community can purchase products at a discounted rate for a good cause.

The Tremonton location ships over 120 million pounds of cereal every year and produces 370 different products 24 hours a day, seven days week. The plant employs 220 people from across the region and produces 1.7 billion servings of cereal a year.

"We are the highest performing plant in the Post network because of the great people we have working here," said Plant Manager Mark Suchan.
